***Our Two-Year
Experience with the
Rialto Theater Center***

What is TED ?

- Founded in 1984 to showcase innovations in Technology, Entertainment and Design.
- Today, **TED** is a global foundation serving as a broad platform for thought leadership.
- Through global conferences and more than 1,500 talks at its video website (over 1 billion views), **TED** brings together thinkers and doers to work towards meaningful change.

What is TEDx?

- Operating under a license from **TED**, more than 3,000 **TEDx** programs around the world are designed to give communities the opportunity to stimulate dialogue through **TED**-like programs at a local level.
- At **TEDxFrontRange**, we utilize a combination of live presenters and **TED**Talks videos to spark conversations and connections.
- **TEDxFrontRange** is fully planned and independently coordinated by local community leaders and volunteers.
- **TEDxFrontRange** does not promote any political, religious or commercial agendas, and is not presented for monetary reward.

TEDxFrontRange Speakers

TEDxFrontRange speakers have included:

The Rialto Center is a Great Site for TEDxFrontRange

Rialto Amenities – Back Stage

Expanded back stage provides room for technical coordination, video production and speaker preparation.

Rialto Amenities – Intermission

Adjacent Theater Center provides space for networking, receptions and exhibitions.

Rialto Amenities – Environment

Theater provides a professional, yet intimate experience for speaker-audience engagement.

Rialto Amenities – Greenroom

Professional Greenroom allows speakers and performers to prepare, relax and interact.

Rialto Amenities – House Support

Jan Sawyer and Scott Dunn have provided incredible support and flexibility to our requests.

Two –Year Economic Impact

Source	Quantity	Price	Total
Attendee/Volunteer Spend	800 @ \$36		\$ 28,800
Facility Rental	2 @ \$2,100		4,200
	Total		\$ 33,000

There Are a Few Challenges
