CREATE LOVELAND**

This is an information only item. The purpose of this study session is to update and familiarize the City Council with the new Comprehensive Plan, Create Loveland, before it is brought to the Council for an adoption hearing. The Plan seen here was subject to extensive review and vetting by the Planning Commission and was unanimously recommended for approval at a Planning Commission public hearing on February 22, 2016. **3. ECONOMIC DEVELOPMENT
BUSINESS ASSISTANCE REQUEST FROM RAYEMAN ELEMENTS INC.**

(presenter: Marcie Erion, 45 min.)

This informational item is an initial discussion of a business assistance request on behalf of Rayeman Elements Inc. (REI). They are looking to locate their production and research operations at the Rocky Mountain Center for Innovation Technology. REI has approached

the City of Loveland about a business assistance package. REI is focused on production of a patented cattle feed product and revolutionary extrusion process that increases the nutritional value of the feed and is transported in a way that minimizes losses. It nutritionally outperforms any feed currently being produced. The technology is cross-cutting and has applications for other types of feed and in other industries.
