Christopher Barnes, Interim Transit Manager, presented his draft plan for his 2016 Transit Workshop presentation to Council's Study Session on July 26, 2016. Christopher distributed a handout detailing his presentation and briefed the Board on some Transit history and explained the thought process behind his outline and Transit's desire to get direction from Council when they meet. Christopher requested feedback from the Board to include in his presentation. He answered many questions from the Board regarding ridership, regional transit opportunities, ADA application process, paratransit, Bus Driver training with regards to ADA passengers and the various funding sources. Chris K. suggested Council participate in a barrier experience. Vern asked about a bus survey done a few years ago by Mark Kirkpatrick. Christopher will forward that to the Board. He also explained that non-ADA compliant stops are not a part of this process. Christopher has pulled a list of non-ADA compliant stops and requested budget money to address them. Christopher will be back at our July meeting with an updated presentation.
