**October Senior Conference Review-**(Earl Stevens) Community attendance was low, approx. 35 people attended. The speaker was a Wade Buchanan, very knowledgeable. The questions from attendees were thought provoking, good conversation.

**City Council Update-** (Daryle Klassen) Looked at a "snap shot" via a presentation from Allen Kruchmary. (sp) Investment Focus- the numbers for Loveland are very strong.

### Review of 2010 GOALS

Elaine Brush requests information from members to compile for end of year SAB accomplishments, she needs our 2011 Goals by Dec.

**Education-** Earl Stevens will provide Elaine Brush with attendance numbers from the *Computer Classes* held this year. Chris Kanowitz will send names and dates of *Guest Speakers*. Judy Jones will contact Phoebe Hawley for *Bridging the Gap*, Networking Event review. Marigail Jury will review *Sharing Information /Resources*.

**Legislation-** Earl Stevens will find the number of people that attended Senior Day at The Capitol (Feb 24<sup>th</sup>) Advising City Council (on Senior Issues) If "Smart Growth" is initiated by the city- Daryle Klassen suggested we request placement on the agenda for a future planning Commission.

**Advocacy-** Earl Stevens suggests that this approach has not been successful. Taylor Cobb explains how mealtime @ Chilson has been a good opportunity for seniors to have a voice. Marigail Jury suggests 2 members of SAB could attend 1 or 2 times per year as representatives to listen to senior concerns. Marigail Jury will spearhead *Outreach* concepts for 2011 with the help of Taylor Cobb. Perhaps we can host a conference on Critical Health Issues, healthy and bad habits.
