

# pulse

## IN PROGRESS

### Hello Neighbor

---

We are excited to share that Pulse is about to begin construction of the City of Loveland's 100% fiber-optic network in your neighborhood.

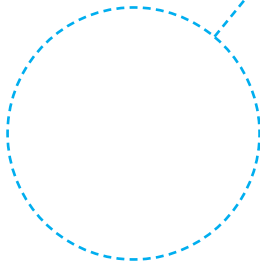

Within the last several weeks you should have received a letter outlining the construction details. You can view a copy of this letter online by visiting: **[letstalkloveland.org/Pulse/documents](http://letstalkloveland.org/Pulse/documents)**

We appreciate your cooperation and apologize for any inconvenience construction may cause you.

If you have any questions or concerns regarding our process you can call at any time **970-798-8800**.

With thanks,  
The Pulse Team  
**LovelandPulse.com**

## What's next?

---

This is the first in a multi-step process to build the Pulse network. We will reach out to neighborhoods directly when we are ready to sign up customers for service.

Interested in learning more about Pulse services? Visit [LovelandPulse.com](http://LovelandPulse.com) and complete the “Early Interest” form.

## How can I find out more?

---
