

SIGN PERMIT CHECKLIST AND APPLICATION FOR FREESTANDING AND WALL MOUNTED SIGNS

A sign permit is required for any sign or device that advertises, identifies or attracts attention to a business, institution, product, organization or event. The following information is required in order for the application to be accepted. Forms and informational requirements are located on the City's Development Center (DC) website. All documents must be submitted electronically to eplan-signs@cityofloveland.org and each document must be a separate pdf file

The Planning Division will provide an application fee invoice when the project is accepted for review. The invoice contains an itemized description of the application fee and use taxes. The application fee must be paid during the review process for the sign permit.

I. Checklist

- 1. Application Checklist.** Complete this checklist with boxes checked verifying submittal of the required information.
- 2. Application** provided in this checklist.
- 3. Site Plan** must be drawn to scale and with dimensions, containing the following information:
 - a. North arrow identified.
 - b. Property lines or boundaries of the premise where the sign is to be located.
 - c. Footprint of the building showing where the sign is to be placed, including the setbacks of the building from the property lines.
 - d. Location of all proposed and existing freestanding and/or monument signs.
 - e. For all freestanding, monument, awning, or projecting signs: show the proposed setback of the sign from all nearby property lines, streets, alleys, or other public driving lanes.
 - f. Label any easement located within the property boundaries.
 - g. Show any other major property improvements which affect the location of the sign, such as parking lots, driveways, landscape areas, etc., including other signs on the same building or premise.

4. Building Elevation Drawings.

- a. Identify the two walls being used to calculate the total sign area with their lineal dimensions.
- b. Show elevations and dimensions of each building wall receiving signage.
- c. Identify all public entrances to the building.

5. Shop Drawings.

- a. Show dimensions of all proposed signage.
- b. Calculation of the proposed sign area based on 8 straight lines.
- c. Show the dimension from grade to the bottom of all wall signs and the height of all freestanding signs.
- d. Show the letter/ figure design, dimensions, colors and materials of the copy/wording/verbiage on the sign.

II. SIGNS REQUIRING NEW ELECTRICAL SERVICE

Any sign requiring new electrical service will require a separate electrical permit issued by the Building Division. An electrical permit application must be submitted to: eplan-building@cityofloveland.org. For additional information regarding electrical permit applications, please contact the Building Division at 970-962-2505.

III. REFERENCES

All signs are subject to compliance with the standards and requirements in Section 18.04.08 of the Loveland Municipal Code.
