

## UNIQUE DESIGN ELEMENTS

- Drop-off loop separated from parking lot circulation.
- Arc promenade connects all active uses.
- 'Hub' gathering space overlooks all play areas and natural area beyond.
- Play berms are half synthetic turf and half native planting.
- Quiet sensory and motor skills play zones adjacent to primary playground.

## CONCEPT PLAN A | 'RADIAL PLAZA HUB'

## UNIQUE DESIGN ELEMENTS

- Drop-off loop integrated into parking lot circulation.
- 'Hub' gathering space includes a shady grove for picnicking and other small group activities.
- Berms, or landforms, covered with synthetic turf provide opportunities for unstructured play.
- Overlook gathering space provides a comfortable and protected space for users to appreciate the natural area.
